Equipment

Adam Madeloso has worked with an array of different cameras including RED Epic/Scarlet, Arri Alexia, Canon C300, Sony EX3 and a range of DSLR's. He also has working knowledge of software consisting of Photoshop, Final Cut Pro X, Lightroom and Adobe Premiere. He Shoots his own projects including music videos and live photography on his 5Dmkiii with a range of different lens.

Adam Madeloso:

As a future Director I have experience in an array of different departments because I want to learn as much as I can in each production department so I will be help out whenever it is needed and also I know what everyone is doing and how long it will take.

I also like to challenge myself by working in different departments and on different type of productions to see how different people like to work.

Every job I have done on multiple occasions in a Varsity of different production environments, which are all above including multiple Feature & Short Films, Music Videos, Live Events, ETC.
