About me -

I am a very passionate about my work, I have a keen eye for details and I am dedicated to constantly improving my service. I am happy to either Digi, do Lighting or do a mixture if require. I also started my career as a Retoucher so on-set retouching can be arranged as well as other post production if required. Mainly working in advertising, it is my highest priority to make sure everyone on set is fed, hydrated, having a productive and enjoyable time. I LOVE food, the richer, the better, give me truffle and I will be yours forever.

Key Skills -

Lighting - I Mainly work in Still Life so I love Lighting, the more tech the better however a nice break on location outdoors in the rain is also appreciated. Knowledgeable on all major lighting brands and systems. Broncolor, Profoto, Elinchrom and Bowens Flash. Arri Systems, Kino Flo and Dedo Light Continuous systems.

Camera - Proficient in using Phase One, Hasselblad, Nikon, Cannon and Sony Stills.

Im also pretty handy with Cannon's video cameras including the C300ii which is great for slow motion.

Software- I worked as a retoucher for the start of my career and still work freelance for clients.

Proficient on Photoshop, Bridge, Capture One pro, Helicon, Word, Excel.

Capable with Focus, After Effect and Final Cut pro.

Other Skills- Keen banter, eclectic music selection, barista skills, tea infusions, baking & cooking, majestic story telling, good with animals (worked on set with both dogs and cats) and fully able to entertain babies and small children for short durations (not a baby sitter).

Photographers I have Lighting Assistant or Digi'd for & Experience-

Still Life - Jess Bonham, Amy Currell Bruno Drummond, John Gribbon, Sam Hoffman, Sun Lee, David Marquez, Sara Morris and Lydia Whitmore
