Employment

Freelance Writer, Photographer & Photographic Assistant (Sept. 2011–Present)

I began working as a freelance writer & photographer in September 2011 with specialities including motoring, the natural world and landscapes. My portfolio is available online. I very much enjoy a personal interest in classic cars and motoring history. As such I'm a regular writer for Classic Car Weekly (motoring newspaper) as well as a photographer at various motoring events. I am also currently authoring a book that looks into 1950's motoring. In January 2012 I acted as Official Photographer for the Clydebank start of the Monte Carlo Rally. In July 2015, I was delighted to photograph Sir Malcolm Campbell's 350bhp Sunbeam Bluebird as it took to Pendine Sands in celebration of its 1925 land speed record of 150.76mph.
