

Glasgow born and youngest of three, my interest in photography began at a young age when I discovered an old pile of National Geographic magazines while moving into a new home.

I finished my studies at the age of 21 with a BA Hons in Photography. I then spent the summer in New York at Walter Schupfer Management where I first started assisting the likes of Martien Mulder and Jessica Craig Martin.

Currently, I pursue projects within fashion and portraiture.

Freelance Photo + Digi Assistant - 2013-2016

My role as a photo/digi assistant requires an attentive, can-do attitude. As a key part of the photo team, knowledge and understanding of equipment is essential, as well as the ability to be an effective problem solver.

Digi - Capture One / Adobe CS / Canon / Nikon / Hasselblad / Phase One

Film - Medium Format and 35mm systems

Production Assistant - LS Productions / Cut Media / Haus Pictures - 2013 - 2016

My role as a Production Assistant involves being a pro-active member of a larger crew, always ready to lend a hand or to solve a problem. I have also had the task of driving client, crew and sometimes equipment, to and from location/accommodation in a variety of vehicles, large and small. I hold a full EU Driver's Licence.

Studio Assistant, Big Sky London - 2014

My role at Big Sky involved prepping and maintaining the studio space before, during and after a client's visit. This encompassed logistical assistance, general maintenance of the studio area and being an overall, pro-active helping hand to clients and crew in the studio, whatever the task may be.
