*Assisting Experience* -

I assisted Chris Blott on a studio shoot for 'Slaters' and their new prom wear. On this shoot my role was to download and organise files from CF cards using Lightroom, set up and move around lights, general help with heavy lifting and control of the wind machine.

I assisted Joseph Ford on an anamorphosis themed shoot for Avaunt Magazines. On this shoot my role was to tidy up the location (govan hill baths), heavy lifting and handling of equipment, repositioning of lights and laying down of the anamorphosis. On this shoot I worked with Broncolor dual lights, HMI lights, Hasselblad H5d, Canon 5d mark 2 and a Lumix GH4 camera.

I have assisted on numerous occasions for class mates at City of Glasgow College.

*Personal Experience* -
