Profile

I am a third year photography student studying BA Photography and Digital Imaging at the University of West London. Helping me to progress with my knowledge of photographic polices and procedures as well as some industry standard equipment and software. I enjoy to work as part of a team that meets high targets and wish to achieve the best for the customers and my colleagues around me.

Photographic Experience

Location

- **Lifestyle Images – Studio Assistant: March 2013- August 2013**
 - o Working inside a leading photographic studio that deals in large amounts of family and young children photography. Making bookings for the company by approaching new clients either through special offers or VIP schemes. Keeping the studio tidy and assisting in the successful running of the studio.
- **Jessops – Store Expert: November 2012-January 2013**
 - o Working as a sales expert in a Jessops store selling many different cameras, accessories, camcorders and print products. Was working as part of a small team while always trying to meet sales targets set for us by both store managers and area managers. Have been trained in using tills and serving customers so that I can recommend the best camera for their needs. The area that I was concentrating on most was Digital SLR, lenses and accessories for these cameras.
- **PDP (Paul Davies Photography): March 2012 – November 2012**
 - o Working as an assistant photographer, photographing mixed sporting events but mainly motor racing. Taking all images from start to finish and being in control of what was to be recorded a round the racetracks. Apply edits to the images and deciding upon which images are to be sent to clients.
- **Graham Russell Photography: March 2008 – December 2010**
 - o Taking photographs as well as selling them to the public. Greater knowledge of camera settings as well as my own photographic ability. Communicating with members of the public. Helping in setting up at event photography and being able to understand light meter readings and how to adjust lighting options.
- **Dawson Strange Photography: 29th October – 31st October 2008**
 - o Learning the studio procedure from start to finish of a photographic shoot. Organizing all images either on the computer or as final printed images ready for customers to view. Answering the phones and calling up customers to inform them when their images are ready or to confirm their bookings.
