PROFILE OUTLINE

I am a freelance photographer currently doing photo shoots for individual clients and studio.

My free time also let me to work on my own photography projects which reflects my own identity. These projects ranges from nature through portraits and product shots to concerts and artists.

I am a very highly motivated creative individual that can effectively manage pressure, meet deadlines and can adapt to work in variety of situations. It is my ambitions to keep developing my strength by persistently learning new skills in Photography, Graphic Designing, Creativity, Digital Technology and Print Management. I am looking for an opportunity, which will allow me to set career directions, pursue prospects and seek new challenges.

In summary, I am sure I can be a creative asset who can enhance also analytical, ownership, organization and relationship skills. Ultimately exhibit professional conduct to every aspect of my work.
