Next Ltd

Sales Assistant

DESIGN SKILLS AND ACHIEVEMENTS

Headed the project life cycle, from conceptualisation and planning to completion. Performed a pivotal role at Envisage Arts when working with other communities on new co-operative projects, and arranged funding for an innovative Exhibition project.

Successfully helped a group of course participants to produce a short awareness video with a focus on drug usage implications. Advised on videographic aspects, co-edited material, and did all special effects and colour scheme work.

Accomplished at creating a 15-minute video at Serendipity Art College that documented the project. Organised photo shoots and locations, undertook editing. Added special effects to the production that was shown to parents, team managers and the general public.

Excellent communicator who participated in regional management meetings at Game Store, discussing marketing activity and completing ice-breakers. Disseminated information in the branch on changes, new products and promotions.

A hands-on individual who undertook digital film editing at Silent Productions, in addition to post-production tasks such as colour correction and compositing. Highly proficient at creating solutions in a freelance capacity for weddings, sporting, and other events.
